

Psychological Testing

I conduct a wide array of assessments (psychological tests) for children, adolescents, and adults. A few of the areas in which I conduct assessments are as follows: ADHD; depression; anxiety; personality; pre-marital preparation; and career planning, including for a career in law enforcement. I also conduct psychological evaluations for individuals who are pursuing ordination in their denomination.

If you have any questions about specific types of assessments, please contact my office by phone or e-mail to discuss these.

I look forward to the opportunity to be of assistance to you in this area.
